Engineering Scholarships

From

The Govt of Govt in Bombay

No 6683/365 Dated 2/12/13 Received 5/12/13

Diary No 3216 | Encls 1 Spare Copies | Serial No 15

BRIEF ABSTRACT OF LETTER

States that the Chief Engineer is of opinion that the present number of Engineering Scholarships is inadequate to meet the great demand that exists at present for Engineers for the Bombay Govt and Recommends therefore that 6 additl Engineering Scholarships of Rs 30 per mensem tenable for 3 years in the Engineering College, Poona, from January 1914

NOTES AND ORDERS

The Cost on account of the 6 new Scholarships during the Current year will about Rs 900 is proposed to be met from Savings under Scholarships & Engineering, ET, Special & Palleges Scholarships.)

2 The Govt have in anticipation of Sanction

Requested the Principal of the Roorkee Engineering College to reserve 6 seats for Imperial & Provincial Students

3 Branch II may be Consulted.

Hw 24 6/12/13 (11) To Br II for opinion.

6/12 13

5 Subd. No objection, and does not Br seem necessary to grant Scholarships 6/12 Both Engineers have experience for a demand which is stated to exist at present. Would so far Commercial interests increase the number should be compensated by reduction in the number of other Scholarships So that there may not be any charge on the fund in the aggregate

Jdeg) 6.XII.13

6 The method of getting engineers trained by means of scholarships at well equipped colleges in British India is much cheaper than having our own college. In this view it is desirable to get as many men trained as possible. It is very kind of the Govt of India to take Imperial students

in these expensive institutions in which the net cost per pupil per annum works out to a considerable sum.

7 At the same time I do not see why those gentlemen in Mysore who can afford to do so should not get their sons educated in the Engineering colleges abroad at their own expense instead of at the expense of the Government. It may be ruled that scholarships should only be given to meritorious students who are at the same time too poor to proceed at their own expense. With this restriction the additional scholarship may be sanctioned.

4p With reference to the H Secy's remark in para 7 it may be observed that admission of private candidates, from Southern India, in these institutions is rather difficult to obtain, whereas Stipendiary candidates are more readily admitted as they go with Govt backing [For instance I know that Mr Arunachalam has been finding great difficulty in finding a place for his son in the Poona Engineering College].

Final Note by the First Councillor

Subject — Increase in the number of Engineering Scholarships

---

(1) With a view to meet the increasing demand in the State for trained Engineers the Inspector-General of Education has at the instance of the Chief Engineer recommended that six additional scholarships of Rs 30 each per mensem may be granted to Engineering students tenable at the Poona College of Engineering for three years from January next The cost will be met from savings in the existing scholarship grants

(2) The Financial Secretary is agreeable to the proposal -- with the proviso that the scholarships should be given only to meritorious students who are at the same time too poor to go through the course at their own expense

(3) The Dewan and the Second Councillor as well as myself are agreed that six additional scholarships may be granted as proposed The increase in number need not be permanent but the number may be varied according to demand

(4) I am of opinion that the scholarships may be given to deserving men who have passed the Intermediate Examination in order to save the time occupied in taking the B A Arts Degree

(5) The Dewan would prefer graduates for the scholarships and the Second Councillor is not in favour of reducing the qualification of the candidates to a pass in the Intermediate Examination and thinks that we shall have no dearth of graduates -

applying

applying for the scholarships, if the scholarships are advertised But he would be satisfied if graduates are given preference

(6) I think that it would be advisable to throw the scholarships open to Intermediate men also as I am not sure that there will be a sufficient number of graduates qualified and willing to take up this branch of study but graduates will of course, have preference

(7) I am not in favour of introducing the restriction of giving scholarships only to poor men as the rule would be unique for these scholarships

(1) I submit herewith a Final Note by the First Councillor regarding the grant of six additional scholarships of Rs 30 each per mensem to students of Engineering tenable at the Poona Engineering College for three years from January next

(2) The award of the additional scholarships is necessary in view of the increasing demand for trained Engineers to be employed on large projects which the State have undertaken The grant of the scholarships may be kindly sanctioned

page 485 of Civil Secretariat

(3) As regards the selection I would prefer graduates for the scholarships bu I agree with the Councillors that the scholarships may be awarded to the Intermediate men if after advertising widely graduates do not come forward to take them up

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

D 3216

No 6683/365 Enc 1

Bangalore 2nd December *1913*

From

M SHAMA RAO Esq MA
Inspector General of Education in Mysore

To

C S Balasundaram Iyer Esq B A
Secretary to the Government of His Highness the
Maharaja of Mysore Departments of Education & Agriculture

SIR

I have the honour to bring to your notice that there are at present three Mysore stipendiary students studying at the College of Engineering Poona and four at the Engineering College Madras As the Chief Engineer says that this number will not meet the great demand that now exists for Engineers for the Mysore Government I request that Government may be pleased to throw open six additional scholarships of Rs 30/- per mensem each tenable at the College of Engineering Poona for three years from January next As the term commences early in January and applications should reach the Principal before the 12th December 1913 I have requested the Principal of the Poona College of Engineering in anticipation of Government sanction to reserve six seats for Mysore stipendiary students

The charge for the 5 months in the current official year viz Rs 900 may be met from the savings of Rs 1060/- from the scholarship grants as detailed in the annexed statement

I have the honour to be
Sir
Your most obedient servant

M Shama Rao

Inspector General
